KING
PARFUM DE

Réf: A15501 250ML KING DERM'ALPES SARCOPTES SCABIEI BEDBUGS

Very effective insecticide acaricide.

Effective on parasites (sarcoptes scabiei, bedbugs, fleas...on all stages of their development : larvae, nymphs or adults).

Up to 6 months of protection against infestation.

Additional treatment of allergies due to dust mites (asthmas, hay fevers, conjunctivitis) and infestation by lice in order to avoid the common phenomenon of human recontamination by clothes and bedding.

Direct spray: 3 second of spraying is enough

Surface treatment: 1 aerosol covers ~ 15m²

INSTRUCTIONS FOR USE

Shake before use. Spray at 30 cm from the surface to be treated. Let surfaces dry during at least 1 hour and then ventilate the room 10 minutes at least.

Against mites (including sarcoptes scabiei) and bedbugs: Treat bedding: preferably in the morning on mattresses and pillows (fitted sheets and pillowcases must be removed), bed frames. Let dry completely, vacuum to remove allergens then cover with clean fitted sheets and pillowcases (washed in washing machine >60°)

Against fleas and other housing environment parasites : Treat fabrics, carpets, parquet floors... and all other crossing points or nesting areas for pests. Let dry and vacuum to remove inert pests.

To avoid irritation of the respiratory tract, it is recommended that asthmatic subjects leave the room. Protect the cold-blooded animals : cover the cages, the terrariums, the aquariums and cut off the feed of the pump. On white fabrics, first test the product on a small area in order to avoid any discolouration.

USE FIELDS

Treats bedding, clothes and fabrics, carpets, parquet floors...

Professional efficiency for schools, hospitals, foster care, nursing homes, hotels, lodges, public places...

PACKAGING

Tinplate can diameter : 52 mm / height : 161 mm

Nominal Volume : 335 ml / Net volume net : 250 ml

Box of 12 units

LEGISLATION

Before each use, read carefully label and instructions concerning the product.
